**LET'S GROW TOGETHER!**

Join our collaborators program.

# 1. INTRODUCTION

Youtubers, entrepreneurs, developers, and anyone who has tried to sell a product or deliver a service on the internet, has encountered the same input problems.

## **Why is my product not being sold?**

Positioning a product in the market is hard work, and its success depends on multiple factors, including marketing.

# 1. INTRODUCTION

Your product, videogame or service can be of unmatched quality, however, if you do not have an audience, no one will be able to access it.

For this reason the collaboration program was born! Together we can:

1. **Reach more people.**
2. **Capitalize on our products.**
3. **Improve the positioning of our brand.**

## 2. WHO IS THE COLLABORATION AIMED AT?

**Professionals** and / or **independent** (indie) **startups** that are within the framework of videogames development, and who wish to improve their sales, reach a wider audience and position their band in the market.

### 3. LET'S BE VISIBLE TO EVERYONE

Through **cross-promotion**. Both, Jettelly and the collaborator, agree to promote their products reciprocally, all in order to achieve their objectives. This includes **advertisements on videos** and **broadcast channels**.

In this way, collaborators will be added to the Jettelly home page, and in addition, there will be commitments to sell products and / or services from affiliate systems.

**Do you have a course or videogame? Great! at Jettelly we advertise it for you.**

## 4. LET'S IMPROVE SALES WORKING TOGETHER

**Does your product have an affiliate link?** If so, at Jettelly we can recommend and redirect interested people to your sales site.
